4. General Information and Requirements

Nominating Ministries/Institutions are kindly requested to ensure that all nominations fully comply with the provisions of TA Circular No. 2013/2014 of the Ministry of Finance and Planning dated 24 October 2013, together with any subsequent amendments, additions, or revisions thereto.

Institutions are further requested to carefully scrutinize and verify all applications prior to submission in order to facilitate timely processing and avoid delays that could result in the loss of valuable training opportunities.

Applicants are strongly advised to thoroughly review the eligibility requirements, Programme conditions, and duration of the study programme offered by their selected university prior to submitting an application.

Applicants should also carefully review the GI Booklet for comprehensive information regarding the Programme.

5. University Consultation Process

In order to facilitate clear and efficient communication during the university consultation process under the Programme, applicants are requested to use only the Preliminary Consultation Form provided by JICA and to strictly follow the instructions contained therein when undertaking pre-consultation with their preferred universities, where applicable.

Applicants should not submit or share any additional documents or information with universities during this pre-consultation stage unless specifically requested through the prescribed procedures.

6. Consistency of Applicant's Name

The use of different formats or variations of an applicant's name may result in administrative difficulties and discrepancies during application processing. Therefore, applicants are kindly requested to ensure that their names are stated exactly as they appear in their passports throughout all application documents, official correspondence, and related documentation.

7. Internal Approvals and Commitment to Participate

Nominating Ministries/Institutions must ensure that all necessary internal approvals have been obtained prior to the submission of any nomination. Nominees should also be fully informed of the requirements and conditions of the Programme and provide a firm commitment to participate if selected.

Prior to submitting a nomination, the nominating Ministry/Institution shall satisfy itself that:

7.1. The nominee is available to participate in the Programme for its entire duration;

7.2. The nominee can be released from his/her official duties and granted the necessary leave for the entire duration of the Programme if selected; and

Withdrawals arising from circumstances that could reasonably have been anticipated or addressed prior to nomination may adversely affect Sri Lanka's credibility and reputation in its engagement with development partners, result in the loss of valuable training opportunities allocated to Sri Lanka, and affect future capacity-development opportunities made available to Sri Lankan officials.

Accordingly, the submission of a nomination shall constitute a firm commitment by both the nominee and the nominating Ministry/Institution to participate in the Programme if selected. Such commitment is expected to be honoured except where withdrawal becomes necessary due to genuinely exceptional and unavoidable circumstances.

9.3. Preference should be given to officers who are expected to continue serving in the relevant field, sector, or institution upon completion of the Programme, thereby enabling the effective application, retention, and dissemination of the knowledge and skills acquired through the training.

9.4. The nominating Ministry/Institution shall take appropriate measures to facilitate the effective utilization, transfer, and dissemination of the knowledge, skills, and experience gained by the nominee upon

successful completion of the Programme and, wherever practicable, assign duties that enable the officer to apply the acquired competencies for the benefit of the institution and the country.

10. Retention of Copies and Final Selection

Please note that ERD will forward the original applications to the JICA Sri Lanka Office for consideration and will not retain copies of the documents submitted. Accordingly, both nominating institutions and applicants are advised to retain complete copies of all documents submitted for their records.

Please further note that the final selection of participants rests solely with the Government of Japan.

11. Strict Compliance with Requirements

11.1. The above criteria and guidelines have been established to ensure the smooth, efficient, and successful implementation of the Programme while minimizing administrative difficulties for all parties concerned.

11.2. Accordingly, nominating institutions and prospective nominees are requested to carefully comply with all eligibility criteria, documentation requirements, and other applicable conditions prior to submitting applications.

11.3. Any application that does not satisfy the prescribed eligibility criteria, is incomplete, or is unsupported by the required documentation may be returned or may not be considered for further processing.

The Government of Japan has consistently extended valuable opportunities for the capacity development of Sri Lankan public officials through its longstanding development cooperation partnership with Sri Lanka, with a view to strengthening institutional capacities and supporting the socio-economic development of the country. It is therefore expected that officers nominated for this Programme will be committed to the objectives of the Programme and will endeavour to apply the knowledge, skills, expertise, and international exposure gained through their studies towards the advancement of their respective institutions and the achievement of national development goals. In this regard, your assistance in identifying and nominating suitably qualified candidates who are well positioned to derive maximum benefit from the Programme and to effectively contribute to the development of their institutions and the country upon completion would be greatly appreciated.

We look forward to receiving a strong pool of qualified nominations within the stipulated timeframe and highly appreciate your cooperation and support in facilitating the nomination process.
