**Subject: Promotion of “Youth of Excellence Scheme of China Program Chinese Government Scholarship” at Beihang University**

Dear Consul General,

Greetings from Beihang University!

We are pleased to introduce a prestigious scholarship opportunity for outstanding young talents—the Youth of Excellence Scheme of China Program (YES China), a fully funded master’s program under the Chinese Government Scholarship at Beihang University. This initiative aims to cultivate global leaders by offering world-class education, research opportunities, and professional development in a diverse and innovative academic environment.

Given the strong educational ties between China and Sri Lanka, we sincerely seek the support of the Consulate General of Sri Lanka in Guangzhou in promoting this scholarship program among eligible Sri Lankan candidates. We believe that talents from Sri Lanka will greatly benefit from this opportunity and, in turn, contribute to strengthening bilateral relations between our two nations.

We kindly request your assistance in disseminating information about this scholarship through your official channels, including consular networks, educational institutions, and relevant stakeholders. Enclosed with this letter are detailed guidelines, eligibility criteria, and application procedures for the scholarship program. We would also be honored to collaborate on any promotional activities or informational sessions to further enhance awareness and encourage applications from qualified Sri Lankan young talents.

We deeply appreciate your support in fostering academic cooperation and facilitating access to quality education for Sri Lankan youth. Should you require any further information or wish to discuss this collaboration in more detail, please feel free to contact us at yangxue@buaa.edu.cn, fso@buaa.edu.cn or +86-10-82316937, 82316488.

We look forward to your positive response and to working together to provide this remarkable opportunity to young talents from Sri Lanka.

Best regards,

WU Xiaojun

# 2025 Youth of Excellence Scheme of China Program Chinese Government Scholarship at Beihang University

## I. Program Introduction

In order to cultivate global governance talents with broad international vision, excellent comprehensive quality, outstanding leadership and cross-cultural background, the China Scholarship Council (CSC) implements Youth of Excellence Scheme of China Program Chinese Government Scholarship. Three master's degree programs at Beihang University have been successfully selected to support.

### **Master Program of Artificial Intelligence and Big Data**

Relying on the "Double First-class" key disciplines of Computer Science and Technology at Beihang University, the "Master Program of Artificial Intelligence and Big Data" gives full play to the disciplinary advantages, and carries out comprehensive talent cultivation in many frontier fields such as IoT perception technology, data science, intelligent computing and information security with an international teaching perspective and interdisciplinary education concept. The curriculum of the program is closely aligned with the current global trend of digital transformation, focusing on the combination of theory and practice, ensuring that students not only have a solid academic foundation, but also are skilled in applying advanced technologies to solve practical problems. At the same time, it emphasizes the cultivation of innovative thinking, and inspires students' ability of independent thinking and scientific research and exploration through diversified teaching methods. Relying on the scientific research strength of the school and the science and education platform, the project focuses on strengthening the characteristics of scientific research, while building a wide industry cooperation network. By focusing on cutting-edge technology, international vision, interdisciplinary and integration of industry and education, the program is committed to cultivating a new generation of outstanding talents with both professional quality and global competitiveness.
