

**CSIR-INDIAN INSTITUTE OF PETROLEUM
(Training)**

ITEC Program on “Present and Future Automotive Fuels”(March 11-17, 2026)

Program Content

1. Present automotive liquid fuels (quality and international specifications of motor gasoline, diesel)
2. Emission problems associated with the present automotive fuels
3. Key parameters of automotive liquid fuels
4. Minimizing the emission problems by the use of new generation fuels like renewable fuels, ethanol blended fuels, DME, Hydrogen fuel and EV and HEV
5. Green Diesel and Bio-CNG
6. Lab visit / demos
