

## Course Detail

1. **Course Title** : Agricultural Research and Development (International Program)
2. **Master Degree** : Master of Science (Agricultural Research and Development)
3. **Academic Institution** : Faculty of Agriculture at Kamphaeng Saen, Kasetsart University,  
Kamphaeng Saen Campus
4. **Duration** : 2 years (4 semesters) (August 2026 – July 2028)

### 5. Background and Rational

5.1 Agricultural Research and Development Program is the research study which response to national and international development strategy for food security and sustainable agricultural development

5.2 Agricultural development

5.2.1 Global climate change affects soil fertility, water shortage, the reduction of agricultural product quality, pest outbreak. These cause effects to food security, health, energy and the reduction in a strategy of self-reliance. Thus, we need to develop human resources with agricultural knowledge and research skill.

### 6. Objectives

6.1 To develop human resources with knowledge and research skill in agricultural development in relation to industrial agriculture, sustainable agriculture, self-sufficient agriculture, application of traditional knowledge in agriculture and development of a unique agricultural product of a local community.

6.2 To cover the whole range from agricultural production through consumer need which would lead to the security of food, society, and the country as a whole. Integration of a modern bioscience, agricultural science, and other technologies is emphasized in the learning process.

6.3 The program consists of various fields including **Entomology, Agricultural Machinery, Soil Science, Agronomy, Horticulture, Plant Pathology, Animal Science, Food Safety Innovation and Agricultural Extension and Communication.**
